Emergency Protocol Policy – Winton Pre-School

If our setting is affected by a pandemic, staff illness or any other incident forcing isolation of staff we will be enforcing our emergency protocol for taking children into the setting, as follows:

- We may ask parents of 2 year olds to keep them off as they are a higher staff to child ratio at 1:4.
- We may ask those children that are not going to primary school in September 2020 to stay at home.
- We may also ask all non-working parents to keep their children at home.
- We may prioritise parents who work for the front line services such as Doctors, Nurses, Paramedics, Carers, Police and Fire Service.

We will endeavour to stay open as best we can , unless we are told otherwise by the Local Council and/or The Government.
